## Part A: Pupil Premium Strategy Plan

### Statement of Intent

This statement has been updated in 2025/6 and will be reviewed at the end of the academic year.

At Green Lane Primary Academy, our pupils are at the heart of everything we do. We have aspiration and ambition for every pupil and strive to provide the very best opportunities to enable them to achieve success.

Our intention is that all pupils, irrespective of their background or the challenges they may face, are given every opportunity to make good progress and achieve high attainment across all areas of the curriculum. Our intent is to deliver a Pupil Premium Strategy that ensures disadvantage is not a predictor of educational outcome.

The focus of our Pupil Premium Strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by our vulnerable pupils and outline in this statement the activities planned to support their needs, regardless of whether they are disadvantaged or not.

High quality teaching is at the heart of this approach, with a focus on timely intervention for those pupils who require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time this will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside their disadvantaged peers.

Our strategy will be responsive to common challenges and individual needs and based on robust diagnostic assessment of individual pupils and not assumptions about the impact of disadvantage. The approaches we have planned aim to enable pupils to excel. We will:

- Ensure disadvantaged pupils are challenged in the work they are set
- Act early to intervene at the point need is identified
- Adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve.

To achieve these aims we will provide:

- High quality first teaching and learning
- A range of evidence-based interventions to support the learning needs of pupils

- Targeted intervention which focusses on narrowing gaps and overcoming barriers, including support for high-achieving disadvantaged pupils
- Specialist support for speech and language development, particularly in EYFS and KS1
- Specialist behavioural support for pupils with social, emotional and mental health needs
- Extra-curricular activities and enrichment opportunities

We will use findings from research (e.g. EEF, The Sutton Trust) to support our aims and use these principles to ensure our approach accurately identifies barriers faced by our disadvantaged pupils and actions are robust, impactful and cost-effective.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Since 2020, the proportion of pupils eligible for Pupil Premium has increased by over 10% to 33%.</p> <p>Assessment, observations and discussions with pupils indicate that poorer communication, language and vocabulary gaps are more apparent among disadvantaged pupils, particularly in EYFS and KS1.</p>
2	<p>Assessment, observations and discussions with pupils indicate that difficulties with phonics is more prevalent with disadvantaged pupils than their peers and this impacts negatively on Reading development.</p>
3	<p>Assessments indicate that Reading attainment among disadvantaged pupils is below that of non-disadvantaged pupils.</p> <p>Summer 2 2024: Average Y2-Y6  All pupils 76.4% at Age Related Expectation  Disadvantaged pupils 69.6% at Age Related Expectation</p> <p>Summer 2 2025: Average Y2-Y6  All pupils 77.7% at Age Related Expectation  Disadvantaged pupils 71.8% at Age Related Expectation</p>
4	<p>Assessments indicate that Maths attainment among disadvantaged pupils is below that of non-disadvantaged pupils.</p>

	<p>Summer 2 2024: Average from Y2-Y6  All pupils 75.0% at Age Related Expectation  Disadvantaged pupils 67.7% at Age Related Expectation</p> <p>Multiplication Check Y4:  Above National (All Pupils)  Above National (PP Pupils)</p> <p>Summer 2 2025: Average from Y2-Y6  All pupils 79.6% at Age Related Expectation  Disadvantaged pupils 73.2% at Age Related Expectation</p> <p>Multiplication Check Y4:  Above National (All Pupils)  Above National (PP Pupils)</p>
5	<p>Our assessments, observations and communications with families have identified social and emotional issues with some pupils. These challenges particularly affect disadvantaged pupils, including their attainment. Referrals for support continue to increase.</p>
6	<p>Our attendance data indicates that attendance of disadvantaged pupils has been lower than non-disadvantaged pupils but is higher than National disadvantaged.</p> <p>In 2024/25 attendance of disadvantaged pupils (92.4%) was lower than non-disadvantaged pupils (95.8%) but higher than National disadvantaged (92.2%)</p> <p>Improving attendance continues to be a school priority and is included in the School Improvement Plan 25/26. Leaders have a relentless drive to close the in-school and national gap for disadvantaged pupils.</p>
7	<p>Data indicates that a greater percentage of disadvantaged pupils are also SEND.</p> <p>2023/45 17.0% compared to 13.4% for all pupils  2024/25 16.8% compared to 12.4% for all pupil</p>

## Intended Outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and use of vocabulary among disadvantaged pupils.	Assessments and observations indicate improved oral language among disadvantaged pupils. This is evident when triangulated with other evidence sources including engagement in lessons, work scrutiny and ongoing formative assessments.
Improved Reading attainment among disadvantaged pupils.	KS2 Reading outcomes in 2024/25 show that the percentage of disadvantaged pupils (73%) who achieve the Expected Standard is broadly in-line with all pupils (75%) and below non-disadvantaged pupils (81%) but close to average (non-sig).
To achieve and sustain improved wellbeing for all pupils at Green Lane, particularly our disadvantaged pupils.	Sustained high levels of wellbeing from 2025/26 demonstrated by: <ul style="list-style-type: none"> <li>• Increased participation in enrichment activities among disadvantaged pupils</li> <li>• Increased engagement in learning</li> <li>• Qualitative data from student voice, pupil and parent surveys, teaching observations</li> </ul>
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Sustained high attendance from 2025/26 demonstrated by: <ul style="list-style-type: none"> <li>• The overall absence rate for all pupils being no lower than 5%</li> <li>• The attendance gap between disadvantaged and non-disadvantaged pupils is reduced to 1%</li> <li>• The percentage of disadvantaged pupils who are persistently absent is below 5%.</li> </ul>
To support SEND pupils in improving attainment and social and emotional outcomes	Assessments and observations indicate improved progress and qualitative data and case studies indicate high levels of inclusion.

## Activity in this Academic Year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

**Budgeted cost:**

**2024/25 £192,920**

**2025/26 £221,858**

Activity	Evidence that supports this approach	Challenge number(s) addressed
Three additional 0.6 teachers to teach a fourth set for English and Maths in KS2 ensuring lower pupil numbers in each set.	There is evidence to indicate that smaller group sizes have a positive impact on pupil outcomes, particularly disadvantaged pupils. ## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

#### Outcomes 24/25

Disadvantaged pupils at Green Lane achieve very well and outcomes at Key Stage Two are above local and national averages for disadvantaged pupils at the Expected Standard and Higher Standard.

Disadvantaged pupils at Green are outperforming Disadvantaged pupils nationally at the Expected and Higher standard.

This success demonstrates that effective allocation of funding and carefully targeted intervention is having a positive impact on outcomes for Disadvantaged pupils.

**Disadvantaged**  
Multi-year average

IDSR multiyear data shows that disadvantaged pupils' attainment and progress are consistently above national averages.

## Phonics and Early Reading

Phonics and Early reading continued to be targeted throughout the year and continued to be a key focus of work in EYFS and KS1.

Pupils were targeted for additional support which was delivered in small group interventions. The Phonic Check was carried out in Summer25 for all Y1 pupils and those in Y2 who did not pass in the previous year.

### Phonics

Phonics	PP Pupils	All Pupils
Y1 Summer25	81.0%	86.0%
Y2 Summer25	83.3%	80.0%

Phonics outcomes improved on the previous year and were above national benchmarks for Pupil Premium pupils and All pupils.

### EYFS Language and Communication

Pupils entering EYFS had starting points well below National and therefore the focus on developing Language and Communication continued to be a priority.

NELI (Nuffield Early Language Intervention) continued to be used to provide additional support in small groups. Strategies to develop language and communication were embedded in all teaching and learning opportunities to address the increasingly low starting points.

## Good Level of Development

50.0% of your school's Disadvantaged cohort achieved a good level of development, 9 - out of 18.

This is 21.3% - the national Non-Disadvantaged cohort at 71.3%.

The Disadvantaged pupil(s) in your school are in percentile 45 for EYFS good level of development when compared to other schools.

## Attendance

This is part of a Trust-wide priority and strategies to improve attendance are part of the School Improvement Plan 25/26.

Strategies to improve attendance were a key priority throughout 24/25. Initiatives to improve attendance and punctuality were implemented and parents were kept up to date with regular newsletters and targeted information.

Following a review of the monitoring and support process. Leaders decided to appoint a new external Attendance Team for 2025/26 to provide greater support and capacity to impact improvement.

Attendance	2024/25
